

I Numeri

013456...

I numeri che noi scriviamo sono algoritmi (1, 2, 3, 4, etc) chiamati algoritmi arabi per distinguerli dagli algoritmi romani (I; II; III; IV; etc.).

013456...

Furono gli arabi a rendere popolari questi algoritmi ma la loro origine va indietro nel tempo ai mercanti fenici che li usavano per la loro contabilità commerciale.

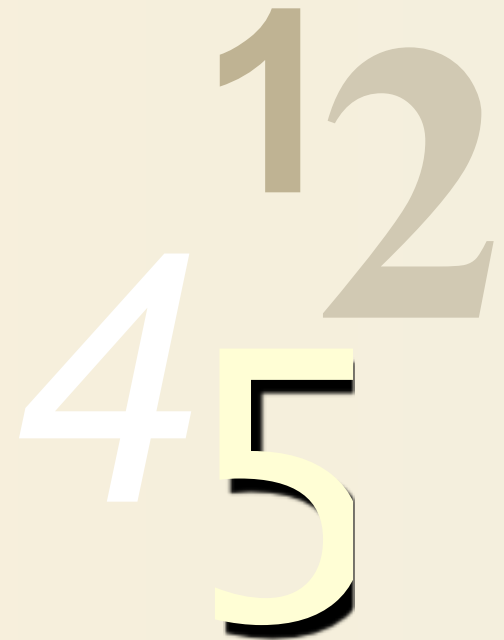

013456...

1 2
4 5

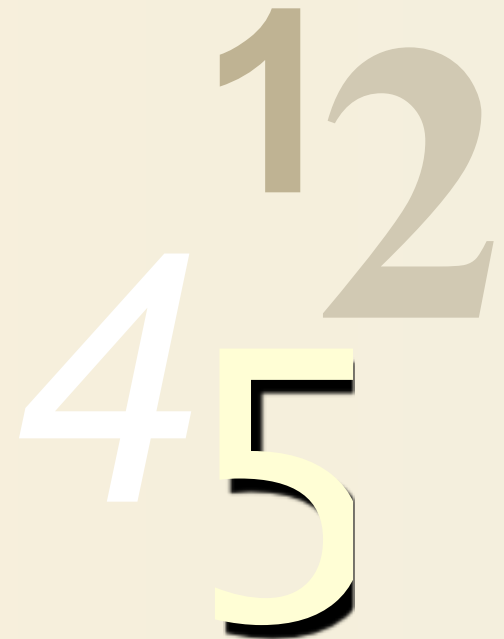

Vi siete mai chiesti perchè
1 è "uno" , 2 è "due",
3 è "tre" ?

013456...

Qual'è la logica che c'è dietro
questi algoritmi arabi ?

013456...

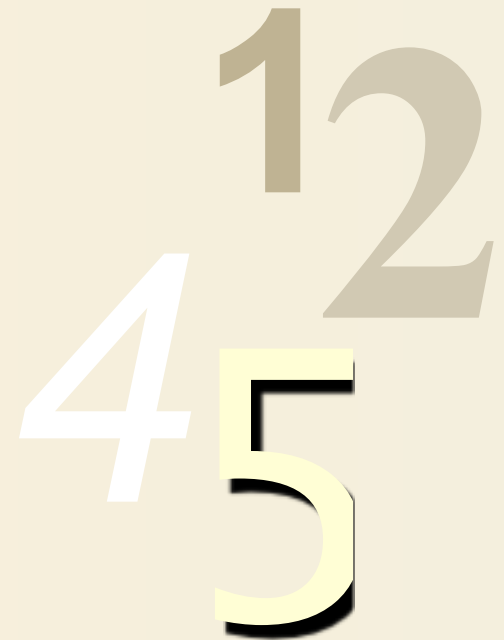

Sono angoli !

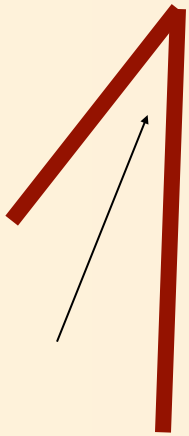

013456...

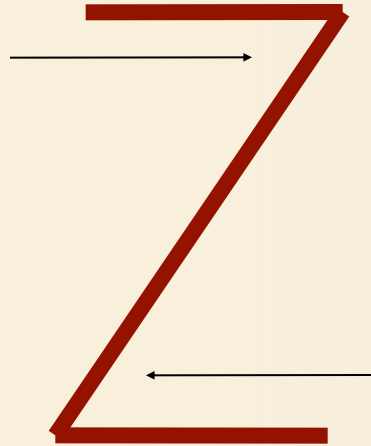

Guardate questi algoritmi scritti
nella loro forma originale ...

013456...

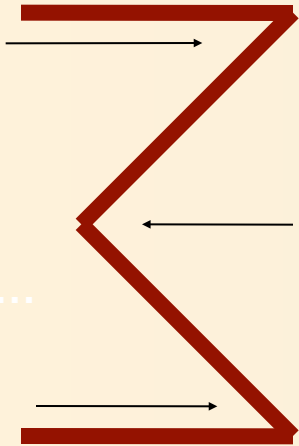

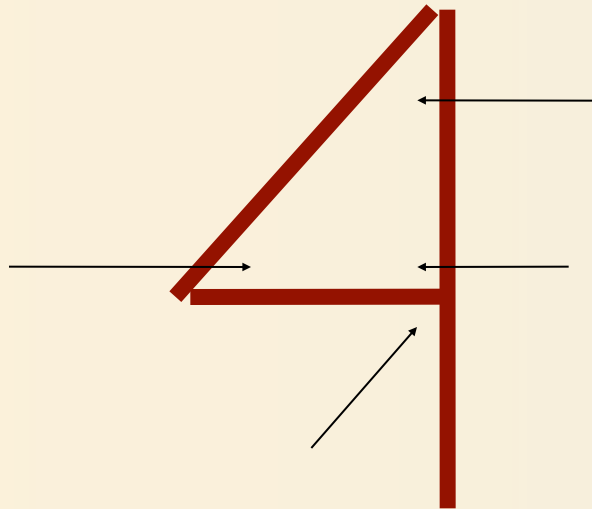

1 angolo

2 angoli

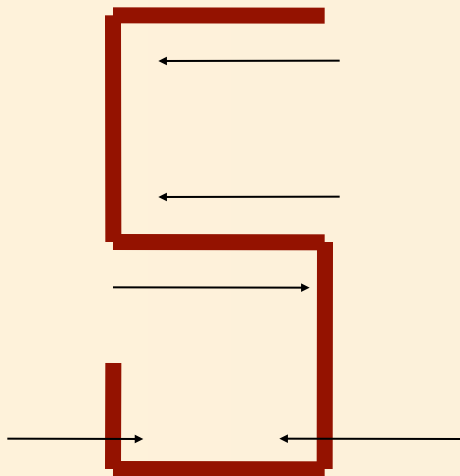

3 angoli

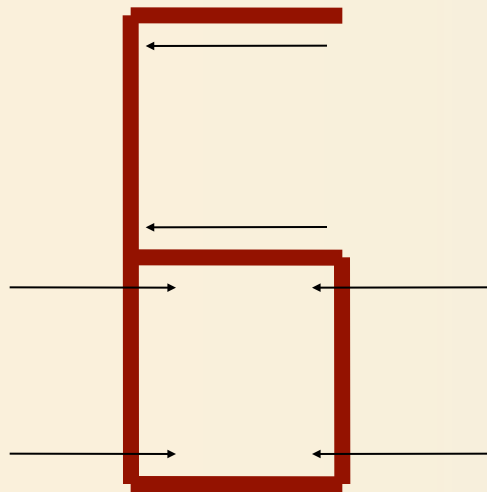

4 angoli

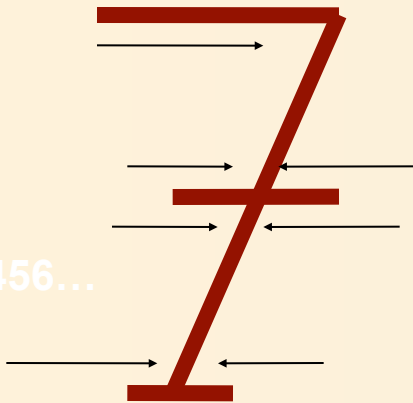

013456...

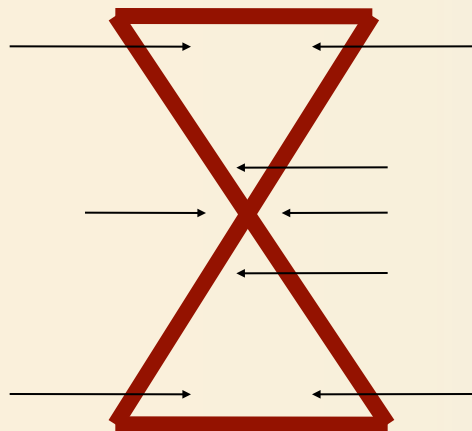

5 angoli

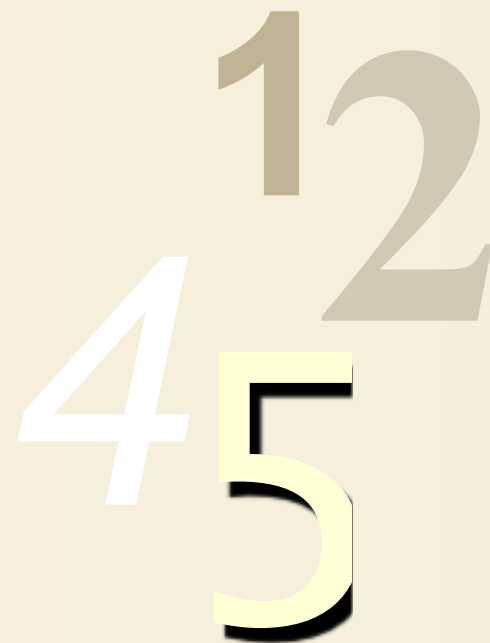

6 angoli

7 angoli

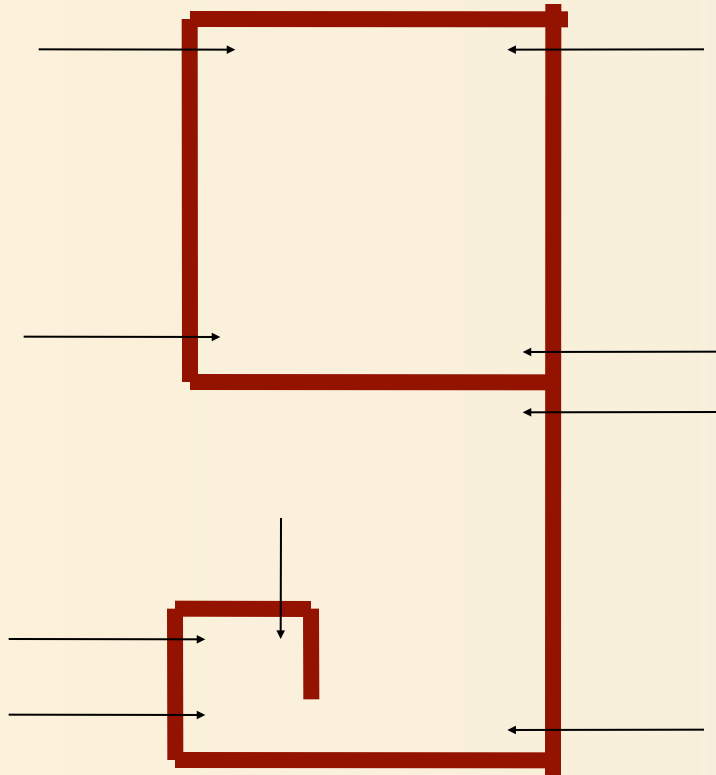

8 angoli

013456...

013456...

9 angoli

12
45

Ed il più sorprendente di tutti ...

013456...

Zero angoli !

013456...

12
45

Morale della storia:

**Non è mai troppo tardi
per imparare !**

013456...

**Condividi
con i tuoi amici ...**
